GENERAL INFORMATION

PURPOSE STATEMENT

God has given Carver Baptist Bible College, Institute, and Theological Seminary a vision for raising up and training dynamic and effective Christian leaders for urban America. Carver exists to bring the powerful life and society-changing Gospel to the inner city. Carver Baptist Bible College, Institute & Theological Seminary is a Baptist higher education institution specializing in the training of pastors, missionaries, and lay workers for ministry in local churches, especially for minority communities in America. The School provides a biblical, theological education which emphasizes discipleship and preparation for ministry in contemporary cultures.

THREE LEVELS OF BIBLICAL TRAINING

Carver is distinctive in that it offers three levels of education. The School places a high priority on the practical training of those who will minister in the trenches of the inner cities of America in various capacities.

The College is our flagship program. It is designed for those who desire to better prepare themselves to serve Christ effectively.

Secondly, the Certificate Programs offered through the Institute are designed for the believer who wishes to serve as a better equipped worker in his or her local church but does not wish to do the work required to earn a college level degree. These courses do not require a high school diploma or equivalent.

Thirdly, the Seminary seeks to provide graduate-level opportunities for pastors, missionaries, evangelists, and other Christian professionals who desire to be better prepared to serve Jesus Christ. Students are able to earn an advanced degree without having to leave their present work environment.

AN AFFORDABLE EDUCATION

Most of our faculty at Carver are qualified local pastors who are either faith-supported missionaries or work as volunteers for the school. In this way the College is able to keep the tuition costs at a level that is very affordable. Seminary tuition is \$210.00 per credit hour and College tuition is \$150.00 per credit hour. Certificate tuition is \$80.00 per course and Apples of Gold tuition is \$100.00 per course (includes registration and resource fee). Our desire is that no one will be denied a quality, biblical education because of financial constraints

ACCREDITATION STATUS

Carver Baptist Bible College, Institute and Theological Seminary holds candidate status with the Association for Biblical Higher Education Commission on Accreditation, 5850 T. G. Lee Blvd., Ste. 130, Orlando, FL 32822, 407.207.0808. Candidate status is a pre-accreditation status granted to those institutions that meet the ABHE Conditions of Eligibility and that possess such qualities as may provide a basis for achieving accreditation status within five years.

GENERAL INFORMATION

DOCTRINAL STATEMENT

1. We believe the Scriptures, both Old and New Testaments, to be the verbal, plenary, inspired Word of God, without error in the original writings, the complete revelation of His will for the salvation of mankind, and the Divine and final authority for all Christian faith and practice.
2. We believe in one God, Creator of all things, infinitely perfect, one in being, essence and power; yet eternally existing in three distinct persons, Father, Son and Holy Spirit.
3. We believe that Jesus Christ is true God and true man, having been conceived of the Holy Ghost and born of the Virgin Mary. He died on the cross a sacrifice for our sins according to the Scriptures. Further, He arose bodily from the dead and ascended into heaven, where, at the right hand of the Majesty on high, He now is our High Priest and Advocate.
4. We believe that the ministry of the Holy Spirit is to glorify the Lord Jesus Christ and during this age, to convict mankind, regenerate the believing sinner, and indwell, guide, instruct and empower the believer for godly living and service.
5. We believe that man and woman were created in the image of God but fell into sin. As a result, all human beings are born with a sinful human nature, and only through regeneration by the Holy Spirit can salvation and spiritual life be obtained.
6. We believe that the shed blood of Jesus Christ and His bodily resurrection provide the only ground for justification and salvation for all who believe.
7. We believe that water baptism and the Lord's Supper are ordinances to be observed by the church during this present age. They are, however, not to be regarded as means of salvation.
8. We believe that the true Church is composed of all such persons who through saving faith in Jesus Christ have been regenerated by the Holy Spirit and united together in the body of Christ of which He is the Head. Their sanctification, edification and security are provided for by the finished work of Christ.
9. We believe that Jesus Christ is the Lord and Head of the Church, and that every local church has the right, under Christ, to decide and govern its own affairs.
10. We believe in the personal, premillennial and imminent coming of our Lord Jesus Christ for the church, and in the subsequent, visible and premillennial return of Christ with His church to establish His kingdom on earth.

GENERAL INFORMATION

DOCTRINAL STATEMENT (cont'd)

11. We believe in the bodily resurrection of the dead -- of the believer to everlasting blessedness and joy with the Lord and of the unbeliever to judgment and everlasting, conscious punishment.
12. We believe that Carver Baptist Bible College, Institute and Theological Seminary should have no relationships which would hinder its faculty from exposing apostasy, heresy or other sin. We stand separated unto God and from worldliness in personal behavior as well as corporate church programs.
13. We believe that all true believers in Christ are brothers and sisters in the family of God regardless of race or skin color. This unity is grounded in a common doctrinal foundation as well as the practical demonstration of love one to another.

MISSION

The Mission of Carver Baptist Bible College, Institute and Theological Seminary as a Christian institution of higher education, exists to glorify God by training and equipping Christians for effective church ministry in a multi-ethnic world.

GENERAL INFORMATION

HISTORY

In 1936, Miss Eva Jantz, previously a missionary who had served in Africa, began a vacation Bible school ministry in the Rosedale District of Kansas City, Kansas. By 1939 the Lord had blessed the work with such rapid growth and with so many zealous workers, that they organized themselves into the "Gospel Ambassadors." That year a teacher's training institute was held for the purpose of preparing workers for vacation Bible schools.

Mrs. Levonia Williams was among those who attended. Because of her hunger for the Word of God, she had earlier attended classes at Kansas City Bible College. She and her husband, Reese prayed fervently for such a work in the Black community. In the spring of 1941, Mr. & Mrs. W. L. McEwen bought a building located at 1301 Vine Street and gave it to the Gospel Ambassadors for a permanent home for the Bible school. Mr. & Mrs. Reese Williams gave themselves and their substance unstintingly to the work until their deaths in 1968. The Annual Williams Bible Conference and the Reese and Levonia Williams Library have been established in their memory.

George Washington Carver,

Christian Agricultural Scientist from Missouri

In 1947, the name was changed to Carver Bible Institute, after George Washington Carver, noted Christian agricultural scientist. The ministry continued at the Vine Street location until forced to move due to the building of the Watkins Project. Thus in 1953, the School relocated to 2637 E. 28th Street.

From the fall of 1944 until 1971, with the exception of two years when Norm Sanders served full-time as Administrative Director, the work was staffed by dedicated pastors, missionaries and other qualified men and women. They volunteered their services on a part-time basis under the apt guidance of Mrs. Erma Criswell, herself a part-time volunteer who gave herself fully to the ministry. God wonderfully used these selfless volunteers for the blessing of many, but the work could not reach its potential without full-time attention.

In 1971, after much prayerful consideration, the Board of Directors extended a call to the Rev. Dean M. Chasteen, a missionary serving in the Central Africa Republic, to come and develop the full potential of the Institute. Just two years later a larger building was bought to accommodate an expanding program.

Dr. Dean M. Chasteen

In order to more effectively provide help and guidance for graduates who were called to be church planters, the governing board made the following decisions early in 1980:

HISTORY OF CARVER BAPTIST BIBLE COLLEGE, INSTITUTE & THEOLOGICAL SEMINARY (CONT'D)

- (1) The Institute would be an Independent Baptist school with the purpose of specifically training men for the church planting ministry, and
- (2) The School would establish close ties with the Fellowship of Baptists for Home Missions to provide the mission organization support that graduates would need for assistance in planting the churches.

In view of these decisions, the School name was changed in 1981 to Carver Baptist Bible Institute.

Early in 1982, full membership status was granted in the Southern Accrediting Association of Bible Institutes and Bible Colleges (now called the International Association of Bible Colleges and Seminaries). In 1984, arrangements were made with Penn Valley Community College which enables Carver students to take certain of their general education courses, upon our recommendation, and include them in our program. Thus the way was opened for us to offer the B.A. and B.S. degrees as a new four year course of study in the 1984-85 school year.

In 1990, the Board extended a call to Dr. LeRoy Randolph, Jr. to become the next president. As an African American himself with an earned doctorate, Dr. Randolph gave culturally-relevant leadership to the School. The previous president, Dr. Chasteen assumed the role of President Emeritus. The administrative staff and faculty consist of full-time missionaries who are joined by a number of highly-qualified adjunct faculty from the surrounding area. All staff and faculty come to Carver with successful practical ministry experience.

Dr. LeRoy Randolph, Jr.

In the fall of 2005, Carver began its Seminary program to meet the need for additional training among the inner city Christian professionals. Those with a Bachelor's degree either in Bible or a secular major could enroll in Carver Baptist Theological Seminary to earn a Master's degree. The program enabled experienced professionals to earn advanced degrees without leaving their present ministries.

Dr. Antoine Richardson

In 2012, the Board extended the call to Dr. Antoine D. Richardson to become the new president of Carver in 2013. Dr. Richardson was challenged by the Board to gain accreditation with an international, Christian, postsecondary, accreditor that is recognized by the US Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA). After much prayer, consideration and consultation, Dr. Richardson chose to seek accreditation from The Association for Biblical Higher Education (ABHE). ABHE is comprised of over 150 Christian higher education institutions, which represent over 65,000 undergraduate and graduate students.

HISTORY OF CARVER BAPTIST BIBLE COLLEGE, INSTITUTE & THEOLOGICAL SEMINARY (CONT'D)

In 2015, after much hard work to meet ABHE qualifications, Carver was granted Applicant Status with The Association for Biblical Higher Education at their Annual Spring Meeting. In addition, Carver also became a member of the Evangelical Council for Financial Accountability (EFCA), ensuring that the institution's financial practices meet the highest standards.

In 2017, Dr. Richardson and his team made the decision to integrate all academic, admissions, library, student information, assessment and development information systems into one internet-based, managed system. CampusSIS (now OasisSIS) was the system chosen by Dr. Richardson and his team.

In 2018, Carver moved to 8524 Blue Ridge Blvd. along with Grace Baptist Church, our ministry partner. This location has provided Carver with additional space, access to a gymnasium, and better community exposure.

In 2020, Carver was granted Pre-accreditation (Candidate) Status with The Association for Biblical Higher Education at their Annual Spring Meeting. As a result, Carver is now recognized by USDE and CHEA.

The School continues to have a growing impact in our multi-ethnic community by providing biblically-trained leadership through our graduates.

TRANSFER OF ACADEMIC CREDIT POLICY

Students who have completed college work in another institution of higher education may receive transfer credit for qualified courses which are applicable to the student's designated academic program curriculum. The minimum grade that will be considered for transfer credit is a "C". All students desiring transfer credit considerations should arrange to have "official transcripts" of their previous educational course work sent directly from the Registrar of the issuing institution to the Office of the Registrar, Carver Bible College, 8524 Blue Ridge Blvd. Kansas City MO 64138.

The Office of the Registrar will review and evaluate transcripts for transfer of academic credits and make the final determination regarding transfer credit awards according to Carver standard policies and procedures.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACTS (FERPA)

The provisions of FERPA prohibit the College from releasing grades or other information about academic standing to parents unless the student has released such information in writing. This document may also be obtained in the Administrative Office.

INSPECT AND REVIEW

The student has the right to inspect and review the student's education records within 45 days of the day Carver receives a request for access. Students should submit to the Registrar, Academic Dean, head of the Academic Department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Carver official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

REQUEST AMENDMENT

Students have the right to ask Carver to amend any part of their education record that they believe is inaccurate or misleading. They should write the Carver official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If Carver decides not to amend the record as requested by the student, Carver will notify the student of the decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

ACADEMIC INFORMATION

CLASS ATTENDANCE

Regular and prompt attendance at all class sessions is expected. However, as emergencies do occur, one unexcused absence per semester hour and one excused absence per semester hour will be allowed, if necessary. Any absence in excess of this may adversely affect the final grade.

CREDIT HOUR DEFINED

Academic credit is measured in semester hours. A semester hour represents one class period of 50 minutes per week for one semester of fifteen weeks (excluding the final exam period) or equivalent, supplemented by two hours of preparation for each hour of instruction for the average student. In the case of an intensive summer session, a semester hour equals sixteen fifty-minute classes or equivalent, supplemented by two hours of preparation for each hour of instruction for the average student.

COURSE LOAD – DAY SCHOOL

The normal course load is 16 credit hours per semester, however, 12 credit hours or more is considered full time. About 2 hours of outside preparation should be allowed for each credit hour in the classroom. The College reserves the right to limit the academic load of students who must carry excessive employment or whose academic progress is deficient.

COURSE LOAD – EVENING SCHOOL

As evening school students are working during the day, the normal course load is six credit hours.

EXAMINATIONS AND ASSIGNMENTS

Students are expected to take all examinations on their assigned dates. Should a student be absent for an examination, the instructor is not obligated to give a makeup examination. Students who have obtained prior permission from their instructors may make up the examination within a week of returning to class.

Students are expected to turn in all assignments on time. Grades may be reduced for late work. Students are responsible for assignments given during their absence. It is the sole responsibility of the student to find out what assignments were given, due dates, and in what manner it is to be completed. Emergency situations will be given special consideration.

AUDITING

Auditing of courses is permitted for college and institute, but not seminary. An auditing student is not required to take examinations or to prepare assignments, and no credit is given. The auditing student will pay all of the required fees (registration, resource, etc.) and the tuition for the audited class(es).

ADDING COURSES

Students may only add courses during the first two weeks of the semester. No courses may be added after that time. The course change must be approved by and processed through the Registrar or Academic Dean.

ACADEMIC INFORMATION

WITHDRAWAL PROCEDURE

A student wishing to withdraw from a class must send an email to the Registrar's Office (registrar@carverbiblecollegekc.org) identifying his/her intent (e.g., drop course, switch to audit, withdraw, etc.). No such action will be final until the email is received and acknowledged by the Registrar. **Failure to follow this procedure will result in a grade of F for the course, which will adversely affect the student's grade point average.** A proper withdrawal will not affect a student's grade point average. **Students utilizing the Monthly Payment Plan who withdraw from a class are still responsible for all related payments.**

If coursework is not completed within the allotted timeframe, the student will receive a zero (F) grade for all uncompleted work and the student's final grade will be calculated based on all completed and uncompleted assignments.

GRADE POINT AVERAGE

The Grade Point Average (GPA) is a numerical measure of overall academic achievement. It is calculated by dividing the total number of grade points earned by the total number of credits attempted (excluding courses marked WP, P, and repeated courses). The student's GPA is based only upon courses taken in residence at Carver Baptist Bible College and Theological Seminary.

To remain in satisfactory academic standing, students taking courses for credit must meet or exceed the following minimum requirements:

If the student is not able to meet any or all of the requirements of the warning period, the student will be placed on academic probation.

ACADEMIC PROBATION

Students placed on academic probation will remain on probation for no less than two full semesters (not counting abbreviated terms) and will be required to regain good academic standing by the end of the probationary period. In addition to meeting the requirements of academic warning for the probation period, students on academic probation will come under the following restrictions:

ACADEMIC INFORMATION

Academic Probation (cont'd)

If the student is able to meet the requirements of the probationary period, he or she will be placed in good academic standing and all requirements imposed by the warning and probation status will be lifted.

The student who fails to meet the above requirements by the conclusion of the second semester of the probationary period will be withdrawn from Carver for no less than one semester. The student who wishes to return to Carver should seek advice in advance from the Admissions Office as to what components would be necessary for readmission. After the withdrawal period, the student may apply for readmission on a probationary basis. If the student is readmitted, he or she must achieve and maintain good academic standing for the following two semesters. Otherwise, the student will be ineligible to continue studies at Carver.

CHAPEL ATTENDANCE

Chapel gives the students, staff, and faculty an opportunity for prayer, fellowship, singing, testimonies, preaching, and announcements in a worship service.

Chapels are scheduled once per month during the semester. Selected chapel speakers represent a variety of Christian ministries. We believe that much is gained from exposure to what God has done and is presently doing in many areas of service. The insight gained from those who are serving the Lord as pastors, teachers, missionaries, and lay ministers contributes to the building of character and a passionate commitment to ministry. This chapel gathering during the month is a valuable investment in our individual and collective Christian walk.

The following guidelines are to be observed, unless otherwise designated:

1. All students on all levels are required to attend chapel.
2. Excuses from chapel attendance must be secured.

STUDENT EMPLOYMENT RECOMMENDATIONS

1. Recommendations on employment and course load are not intended as hindrances, but rather an attempt to regulate the student's course load so that he can derive maximum benefit from his studies.
2. The following guidelines should be observed in order to adjust the class load to the number of hours the student is working each week.

COLLEGE & SEMINARY CONTINUATION PROVISIONS

Effective the 2018 Academic Year, (Fall 2018, Spring 2019, and Summer 2019), acceptance into the College Degree Program or Seminary Degree Program will remain in effect as long as the student is actively enrolled in and is progressing through the Carver-approved curriculum. Active enrollment is considered to reflect ongoing attendance and effort toward successful completion of at least one course during the academic year. Exceptions to the active enrollment status may be designated by the Office of the Registrar with documented evidence of medical, military, or serious family-related issues.

Should the student allow two successive academic years to pass without active enrollment, the student will no longer be considered enrolled in the College Degree Program or Seminary Degree Program and will need to submit a new application, etc. and reapply to the College/Seminary. Students who must reapply due to absence will need to re-qualify or re-select their degree program. The student who reapplies will then be held accountable for the most current changes or revisions to the chosen degree program requirements.

PRACTICUM COURSES

The goal of final practicum courses is to provide the student with a guided ministry experience which is relevant to his or her degree emphasis. Because of this, each student/advisor is given latitude with respect to the exact content (i.e., projects, schedule, reading, etc.) of the course. However, in order to maintain equal academic standards across our programs of study as well as to ensure proper and holistic ministerial development, practicum courses must meet the following guidelines in order to be eligible for credit:

1. Each practicum requires the appointment of at least one faculty advisor who will grade, instruct, and evaluate the student on a one-on-one basis. This faculty advisor must be appropriately qualified (Per Standard 9) to advise the student in their respective emphasis.
2. Each practicum must include an equivalent amount of work as would be required in a 3 credit hour course, assuming the standard definition of academic credit hours (COA Manual 2019 pg. 141), for other academic activities as established by the institution including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit hours.
3. The evaluation of student achievement must be based on the completion of practical, emphasis-related projects, or assignments which account for no less than 60% and no more than 80% of the course grade requirement. These assignments are to be designed as a means of the practical, real-life application of learned skills and concepts relevant to the student's emphasis.

COMPREHENSIVE ORAL EXAMINATION (B.S. & B.A. degrees)

Candidates for the B.S. and the B.A. degrees must also pass a comprehensive examination to the satisfaction of the faculty before the degree may be granted. This statement will be submitted to the examining committee one week prior to the examination.
